Marilyn's Bio

Marilyn Caporini

After decades of success and service in the business world, Marilyn Caporini has made her mark in South-west Ohio as an advocate for good health and vitality. Her concern for the topic led her to study with the Japan-based company Enagic international as well as top doctors in Tokyo and Okinawa, Japan. She is now a senior certified trainer with Enagic USA.

After learning about the power of water to support preventative health, she followed her passion, opening the Dayton Water Store which provides Kangen Water Ionizers. Her goal is to provide a place to educate and inform the public on the benefits of proper hydration through electrolyzed reduced water.

Marilyn is committed to serving people around the globe. Since being nominated as the Top 25 Women to Watch for the Woman in Business Networking group (2019) and being an Ambassador (2018), she is asked to speak nationally and internationally. She was also a board member and ambassador for WiBN and an Ambassador for the state of Ohio. Marilyn served on a volunteer action committee of the Dayton Area Chamber of Commerce for eight years and was awarded the Ambassador of the Year in 2010. Even more, she served on the board for Women's Health Initiatives foundation for two years, the American Cancer Association's board for two years, and lead New Hope for Cancer to raise funds for cancer research. As of November 2019, she opened her second Water Store location in Columbus, Ohio.
